COVID Precautions

Even though our performers are fully vaccinated, we must take extreme precautions to avoid contracting the virus and affecting our touring. Because of this, we have instated new measures in order to best eliminate the chance of any of our performers falling ill, or passing the virus on to staff or guests.

1. We wish to avoid close contact with the audience. Therefore we will not be available for meet and greets, or closeup photo ops. This includes not making an appearance at a merchandise table to avoid close contact.
2. Please ask your staff to mask up for set up and food delivery, as will we when we have close contact with staff.
3. We will make our best effort not be masked for performance.
4. we prefer not to be masked in our green rooms so we can perhaps come up with a way to make sure, in the event that staff must come to our rooms and interact with us, we can know beforehand and mask up when needed.
5. Please sanitize microphones in the event that we have to share microphones with other performers.

Initials _____
