Notes:

- The above description lists the default configuration of the band, but the exact sound needs do vary a bit depending on the venue size and location. Please confirm the exact setup with Jessica before the show.
- The most common configuration for the touring band is the quartet described above, but some shows are played as a trio, quintet, or sextet. For larger ensembles, drums and/or guzheng can be added to the setup above. Jessica will send an adjusted stage plot if the ensemble size is different than the usual quartet.
- The band usually travels with their own instruments. However, in the case of occasional one-off shows (where the band is flying to the venue), having an upright bass on-site may be extremely helpful. Jessica will send an inquiry if an upright bass is needed at the show.
- For large outdoor shows only, 2 additional vocal mics may be needed for the guitarist and bass player.
